

Stock ComboBlister® Tools

Why design a new blister if a perfectly good blister already exists. The molds are ready to go and the autofeed tooling has already been designed and is available at a discount, so why not save a little scratch? Makes sense to us.

Stock Classic Rounds

These containers feature a solid metal bottom for maximum durability and the strength to handle heavy items. A beaded lip adds rigidity around the top and a nice tight seal with the lid.

Stock Traditional Rounds

Traditional Rounds are a lower cost alternative to Classic Rounds, these containers use a reinforced ribbed white plastic bottom instead of a metal bottom. They're great when you need a strong container for high volume applications.

Traditional Rounds			
Diameter x Height	Case Quantity	Shipping Weight	Item Number
6" Dia. x 1" Plain	110	9	600X100PPP*
6" Dia. x 1 5/8" Plain	66	7	600X110PPP

Stock Econo Rounds

The most cost-effective round containers, Econo Rounds use a simple two-part construction: a full-height lid telescopes over a seamless bottom. The bottom is clear, but it can be enhanced with an oil-resistant gold foil cardboard insert.

Econo Rounds
